The two amazing whale spotters

The mesmerizing creature

Lucy Plum last night in Capes tribulation has proven that the mythical Great spotted whale is alive and now is previously being investigated by marine biologists.

Lucy who has the salty sea in her blood wanted to find the whale because she found an old whale teddy that was her great grammars in the attic off her house that said on the bottom I am real find me.

Lucy paced her bag for the journey filled with DANGER! 'When I stepped onto the boat she felt at home. Lucy loved the sea.

.

But the adventure seeking whale hunters did not no wat was in stor for them a bit of sailing and a HUGE storm swelled Lucy exclaimed that the storm was the wost thing that had happened to her

Lucy did not give up. Before long the fragile boat was sea worthy. Lucy said that she would never give up and before long her constant pries had been
