Dear parent/carer

The Childhood Immunization Team has set up a QR code system and a web link to gain feedback following their visit to our school to administer the flu vaccination.

They have set this up in the hope that parents can scan the QR code or access the web link and assist their child/children to answer the short survey on their experience of their vaccination with the nurses. It is a very short survey and should only take a couple of minutes to complete. The questions are aimed at primary school and year 7 children and they should be able to answer them quite confidently themselves. Younger children may need more support from a parent/carer.

Please find attached this QR code and web link so that you can access either method. The hope is to gain more of an understanding of the children's experience of their flu vaccination in school and use this to improve the service for next year.

Thank you on behalf of the Childhood Immunization Team
