Dear Parents

We are delighted to let you know that we are planning an exciting trip to Yorkshire Wildlife Park with the Reception, KS1 and KS2 children for 25th May.

As well as a fantastic reward for all the children's hard work over the year, the day out will support all the work we have been doing on animals, habitats and climates.

The park are going to deliver two specially tailored workshops for the children where they will get to meet some of the animals up close.

The idea is to spend the day at the park, leaving school by 8.45am and arriving back between 3.30 and 4 pm to coincide with normal pick up/drop off time.

The PTA have kindly offered to subsidise the trip, paying for the entire transport costs as well as the part of the education sessions. We are therefore just asking for a contribution from parents of £10 per child.

Please could you indicate by return whether you are happy for your child to attend via the link sent out.

We will contact you again shortly with a more formal letter outlining the trip and payment details.

Many thanks in advance for supporting us with this and also huge thanks to the PTA for their generous contribution. It is great to be able to enrich the curriculum with school trips again after SUCH a long time.

Best wishes,

Julia Sharpley

KS2 and Asteroid/Comet Class Teacher
